Warranty Applicability Quick Reference Chart not available for Mexico or Canada market vehicles.
Refer to appropriate Warranty Policy and Procedures guide instead.

Warranty Policy and Procedures

- Warranty is dependent on both the number of months and mileage covered, and the terms, conditions, limitations and exclusions set forth in the New Vehicle Limited Warranty/TCUV and CPD Warranties. If either "Current Months in Service" or "Last Known Mileage" is beyond the applicable warranty coverage, then the vehicle is no longer covered under that warranty category. Last known mileage may have changed - confirm current mileage.
- Please note the information shown above may be subject to change without notice. Refer to applicable warranty for specific terms and conditions.
- Please note the emissions warranty logic in the graph above is based only on the selected state (which defaults to your dealership state) and may not accurately reflect the vehicle's actual warranty coverage. Vehicle must be retitled, registered and normally operated in California or any other state that adopts California emission warranty provisions. Refer to Policy 4.7, California Emission Warranty, to determine a vehicle's applicable warranty coverage.

Customer Support Program

A CSP enhances portions of the vehicle's warranty coverage for specific conditions. Please see the CSP information for enhancement details.

CSP Description: CUSTOMER SUPPORT PROGRAM 20TE04 - Certain 2019 - 2020 Model Year RAV4 HV - Coverage for Vehicle Refueling Performance
Expiration Date: 05/14/28 100,000
